### **Anne Kelleher**

Anne received her degree in Interior Design and Business. She has spent the last 24 years selling and working with clients to design kitchens and bathrooms.

Anne's design philosophy? Every space has the potential to be fabulous and reflect the personality of the customer. Anne believes in educating the customer on a wide variety of product and price ranges. She wants people to feel confident about, and love, the products that they are selecting.

### **Carolyn Dames**

Carolyn is a graduate of Miami of Ohio where she obtained her degree in Interior Design. She has spent more than 15 years in the rehabilitation business, using her specialties to design and manage construction of older structures.

Carolyn's design philosophy? Everyone has a style...sometimes it just takes a bit of digging to uncover it. Carolyn believes that once she understands the style of the project, it is fulfilling and thrilling to pull together a design concept that creates a space unlike any a client could dream up.

### **Jo Ann Powell**

Jo Ann has spent the last 22 years working in the wholesale plumbing industry; 15 of these years in showroom sales.

Jo Ann's design philosophy? Be brave...never wish you hadn't take your vision right to the end!

### **Leigh Suffian**

With more than 18 years of experience in plumbing distribution, working with architects, plumbers, contractors, designers and more, Leigh has seen plumbing go from "white bread" to high fashion.

Leigh's design philosophy? Embrace a wide variety of design elements when approaching your concept. Be open to alternatives that you haven't seen before. Truly make your project your own.

### **Tami Miller**

With more than 15 years of experience in kitchen and bath design, Tami understands all facets of the industry, from cabinets and lighting to appliances and plumbing.

Tami's design philosophy? The most important element in designing spaces are the people who use them. Tami believes that by focusing on the client's personal style, budget and needs, that they can be combined to create a space that not only reflects the client's personality, but is functional and comfortable as well.
